My name is Ed Buck, and I have built more than 15 companies, around the world, including E.A. Buck Company in Honolulu in 1980. We have helped over 500,000 families and individuals around the world with their financial, physical, emotional, and spiritual needs.

I have been called by God since I was eight years old, with the Holy Spirit. I have the ability to clarify and resolve complicated, seemingly hopeless situations and make them “simple” or “fixable”. This gift includes understanding and explaining God’s Master Plan of the Bible, from Genesis to Revelations, in less than 24 hours.

I am 80 years old, with stage 4 cancer (terminal), and I feel compelled by God to share this knowledge with you this year. It is NOW or NEVER.

I developed a website to share all of my religious knowledge. My aim is to explain God’s Message in simple terms and to get as many accepted into HEAVEN, including YOU!
